

# Family of Humanity receives \$500 donation from BB&T

Hollywood Vice Mayor Dick Blatter presents a donation from BB&T to Loretta Brunetti (right), CEO and Co-founder of Family of Humanity.

The Branch Banking & Trust Co. (BB&T) officially opened their new financial center at 2116 Hollywood Boulevard April 3 with a Red Ribbon Cutting Ceremony followed by a cocktail reception and presentation by BT&T's Assistant Vice President/Financial Center Leader Paula Roberts. Honored guest Vice Mayor Dick Blattner endorsed the event and performed the ribbon cutting to commemorate the opening of the new branch.

It was a wonderful afternoon that included a donation presented to a local nonprofit organization, Family of Humanity, Inc. "We are very honored to be sharing BT&T's first event of the year and to receive this donation, and are confident this is the beginning of exciting things to come," said Loretta Brunetti, CEO and Co-founder of Family of Humanity. "Your programs are awesome and very community oriented which is one of the reasons Family of Humanity, Inc. was selected to receive this donation," said Paula Roberts of BB&T.

The donation from BT&T will help support the following three programs that Family of Humanity, Inc. provides to low income children, teens, and parents at no cost, the H.U.G. Program provides children with after-school enrichment activities to develop social skills, increase reading scores, and develop self-esteem through the arts, the Teen Development & Growth Program provides teenage girls with after-school enrichment activities to develop social skills, increase knowledge on sexual health, gain awareness on dating violence, gain knowledge on career opportunities, develop employment skills, and develop self-esteem through the arts, and the Parent Education Program provides parents with the necessary tools to develop positive parenting skills and parenting strategies.

Family of Humanity, Inc. is a Hollywood community-based, tax-exempt growing organization with a heart and passion for individuals living in low income communities. Empowering each member of the family is the key to building a successful

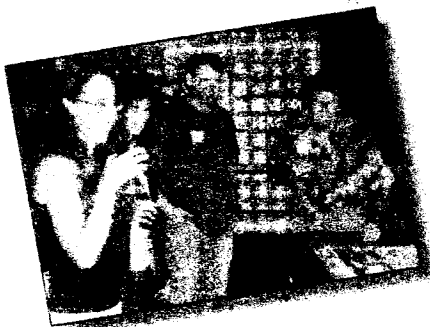

family. We want to give individuals a sense of hope, independence, self improvement and achievement. We target the family as a unit - children, teenagers and parents, and offer specialized programs designed to teach each member of the family important

skills to function in a healthy and safe environment with the hope of achieving increased stability and oneness.
